NEW HOPE

New Hope, Feb. 14.—Surely Mr. Winter has paid us a visit this morning. It makes us think that cold weather has come to stay. After having our balmy spring days. But all the farmers appreciated the warm days in preparing for spring.

Guess "Dan Quid" will be the mercy of the mercy.

The Woodrow Wilson literary society held its regular meeting Saturday night. A very good crowd attended. We urge all the parents and tended. We urge all the parents and night, as we have a very important subject to discuss.

On next Tuesday night, Feb. 22nd, there will be given an entertainment at the Bishop school house beginning promptly at 8 o'clock. Everybody is cordially invited, so please don't forget and everybody come.

Miss Sara Hughes spent the week-end with parents, Mr. and Mrs. Hughes, of Brown's Creek community.

Miss Lizzie Bishop visited at the home of Mr. and Mrs. B. M. Becknell Sunday.

The Woman's Missionary society held its regular meeting at New Hope Sunday.

Rev. Mr. Justus and Mr. J. W. Scott visited at the home of Mr. and Mrs. J. H. Bishop one day last week.

Mrs. J. W. Scott visited Mrs. B. M. Becknell Friday.

Mr. and Mrs. Fontaine Weber spent the week-end with parents, Mr. and Mrs. C. C. Fowler.

Mrs. Jas. Whitlock visited her mother, Mrs. W. W. Summer of Union Saturday.

The mention in Mr. Harris' letter of Jonesville about meeting the boy of 15 who was not going to school. That seems that we should have compulsory education in South Carolina. If it is this way in our own home towns what do you suppose it is in the larger cities? We hope by our next election all our good thinking citizens will favor this law for South Carolina, as it is badly needed all over the State.

Saved Her Life

The unqualified endorsement of Fruitola and Traxo in a recent letter from Mrs. S. Grindle, 5918 Mignonette St., Pittsburg, Pa., will be of interest to other sufferers from stomach and intestinal troubles. Mrs. Grindle says:

"The doctors had given me up, saying the only hope left was an operation. I tried Fruitola and passed hundreds of gall-stones with the first two bottles. Am now feeling better than I have for years past. I will be glad to tell any sufferer how it has helped me, for I owe my life to it."

Fruitola possesses properties that act directly upon the intestinal parts, softening the congested waste and disintegrating the hardened particles that cause so much suffering, and expels the accumulation to the great relief of the patient. Traxo is a tonic-alterative that acts on the liver and kidneys, stimulates the flow of gastric juices, to aid digestion and removes bile from the general circulation. It serves to build up the weakened, run-down system.

For the convenience of the public, arrangements have been made to supply Fruitola and Traxo through representative druggists. In Union they can be obtained at Milhous Drug Co.

EAST END MONARCH.

Union, S. C., Feb. 9, 1916.
Editor of The Union Times:

As I haven't seen anything in The Times from East End, Monarch and Ottarway mills lately, I thought this would be a good time to write something.

Monarch and Ottarway are fine mill villages. They have the best overseers in the State. Why? Because they only work good and intelligent help. I have been in and around mills for 20 years. The people here are kind to one another and go to church and Sunday school. At Mon-Aetna there is an average of 300 that go to Sunday school, notwithstanding the good church and Sunday school at the M. E. church. If you only knew the people as they are you would say as I do. It seems there is prosperity existing there. They are always in a good humor and are smiling when you meet them. I know these are good mill towns and are under good management, for there is very little disorder here and Sundays are quiet only one little sore place and that is out at the big gully where one store sells on Sunday. The church leaders are splendid men and so intelligent and kind. But I must say the business men around here are so courteous and kind one cannot hardly know which one to trade with. They are always on their jobs and are up and going. If things continue to improve down here the up-town fellows will open their eyes.

One more thing I want to mention. The cleanliness around the mill and the business places. People are waking up.

The health is good as could be expected. Come down and visit our little East End town and we would be glad to welcome you.

E. R. Godshall.

UGH! CALOMEL MAKES YOU DEATHLY SICK

Stop Using Dangerous Drug Before It Salivates You! It's Horrible!

You're bilious, sluggish, constipated and believe you need vile, dangerous calomel to start your liver and clean your bowels.

Here's my guarantee! Ask your druggist for a 50 cent bottle of Dodson's Liver Tone and take a spoonful tonight. If it doesn't start your liver and straighten you right up better than calomel and without griping or making you sick I want you to go back to the store and get your money.

Take calomel today and tomorrow you will feel weak and sick and nauseated. Don't lose a day's work. Take a spoonful of harmless, vegetable Dodson's Liver Tone tonight and wake up feeling great. It's perfectly harmless, so give it to your children any time. It can't salivate, so let them eat anything afterwards.
